June 18 - August 24, 2018

## Mission

*Together we encourage choices and behavior that foster individual growth through the development of self-confidence and acceptance of others.*

## Overview

Upper Southampton's **Nationally Accredited** Summer Camp provides a variety of camps designed to meet children's needs to create friendships, have fun and be creative. We encourage campers to tap into their strengths and then we recognize their achievements. We want our campers to play, get dirty, explore nature, make friends and discover themselves as a member of our camp community.

Camp activities include sports, environmental education, theme afternoons, outdoor adventures of fishing and pond exploration, arts and crafts, swimming and guest speakers. Our campers are encouraged to try new things, learn new skills and develop old skills.

*We have activities and staff that will, without a doubt, bring out the best in each camper this summer!*

## Camp Basics

- 2018 Camp Dates: June 18 - August 24, 2018

## Staff

The most important factor of summer camp is the staff. No matter how many activities or special events are offered, it is the background, enthusiasm and personality of each staff member that determines whether or not camp is fun, exciting and safe. Our counselors are selected according to their experience and interest in working with children. Our staff is enthusiastic, well trained, safety conscious and they truly care about kids. They are trained to encourage team building and create an environment where campers feel that anything is possible. Each counselor is required to participate in our camp training program before becoming a member of our staff. All participants complete a training program and rehearsal to prepare the staff to carry out their responsibilities in emergency situations.

In the morning half of the teens will participate in the CIT Program, while the others participate in camp activities. During the afternoon, the teens will all get to eat lunch together and switch roles for the rest of the day. In an environment created just for teens, they will learn real life skills, develop self-esteem and gain a sense of independence and community. If your teen decides not to become a camp counselor, the skills they are given will be used to be successful in life. Whether teens are hanging out, exploring nature, conquering new heights, or becoming part of a camp family, they are creating memories that will last a lifetime.

Our CIT program is designed with the goal of helping teens learn what it takes to be a summer camp counselor. In this program they will be given opportunities to grow as leaders and individuals through hands-on, team-building exercises, along with speakers and certifications on many topics, such as: Emergency evacuation, identifying poison ivy, and many more. During the Teen Camp portion of the day, teens will have down time to hang out with their friends, play games and participate in many supervised activities, including swimming and weekly field trips! After meeting the goals of the program our Upper Southampton Township Board of Supervisors will honor the teens with a certificate. Teens will be grouped according to age.

### Farmers Market at Tamanend Park

**SEASON OPENS JUNE 21, 2018**

The Tamanend Park Farmers Market will run every Thursday, RAIN OR SHINE, from June through August, 2018, 3:30-6:30 PM.

We will be offering an environment for farmers and residents of Bucks County to enjoy a healthful and fresh market of locally grown products. For this reason every market vendor is obligated to personally produce all of the items that they sell so that everyone purchasing foods, flowers or crafts can trust that they are receiving the best products.

The market takes place outdoors in the open air of Tamanend Park, which allows vendors to sell from the back of their trucks using tables and canopies. The vendor will have complete knowledge of their own production practices, harvest dates, etc., so feel free to ask them any questions you may have.

The market supervisor does reserve the right to allow some items that are not personally produced but do fit our criteria of quality, wholesome, fresh and nutritional foods. Applications are now being accepted for certified producers, local artisans and natural vendors. If you are interested, please contact Marian Gilbert at 267-264-9442 or email [mgilbert@ustwp.org](mailto:mgilbert@ustwp.org). For more information and market rules, go to our website: [ustwp.com](http://ustwp.com).

# TRASH, RECYCLING & YARD WASTE REGULATIONS

## TRASH, RECYCLING & YARD WASTE COLLECTIONS

- **Residential trash is collected on Fridays** (except holidays)
- **Recyclable materials are collected on Fridays** (except holidays)
- **Yard Waste is collected on Mondays** (except holidays)

### HOLIDAY COLLECTION SCHEDULE:

There are six holidays during the year that change your collection day, which are New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. When a holiday occurs on a Monday, Yard waste will be collected on Tuesday. When a holiday occurs on Monday through Friday, trash and recycling will be collected on Saturday.

## RESIDENTIAL TRASH

- **Residential trash is collected on Fridays** (except holidays)
- Residential trash must be placed in a suitable container with a tight fitting lid and handles, is watertight and animal proof, and is able to be carried easily by the collector. Containers shall not be less than 20 gallons or more than 35 gallons in capacity, and weigh less than 50 pounds when full.
- A maximum of 12 containers of trash will be collected each collection day.
- Latex (water-based) paint may be placed in the trash for regular collection. Please allow the unused paint to harden to prevent it from spilling onto the street during collection.
- Federal regulations require the removal of refrigerants from refrigerators, freezers, air conditioners, and dehumidifiers prior to disposal. All items containing refrigerants will be collected by appointment only, separate from regular trash collection. Please contact J.P. Mascaro & Son at (800) 432-1616 to schedule pickup. Completely remove refrigerator and freezer doors to prevent small children from becoming trapped inside. Doors are collected on Fridays with residential trash.
- State law prohibits the disposal of covered electronic devices at landfills or incinerators. Electronic devices includes desktop and laptop computers, computer monitors, computer peripherals and televisions. These items will not be collected by the hauler. Each resident is responsible for the proper disposal of these items. For more information on how to properly dispose of these items, visit [www.ustwp.org/general-information/trash-recycling](http://www.ustwp.org/general-information/trash-recycling).
- All other bulk items, such as furniture, appliances, and carpet are collected on Fridays along with the regular trash. Carpets must be cut to lengths of three (3) feet or less and tied in manageable bundles. Bulk items are limited to one item per week, except carpet, which is limited to 10 bundles per week.
- Trash may not be placed at the curb for collection before 6:00 p.m. on the evening

preceding a collection day. Empty containers must be removed from the curb by 10:00 p.m. of the day of the collection. All collections may occur as early as 6:00 a.m., so residents are advised to plan accordingly. Do not put trash in front of a mailbox.

- The hauler is not responsible for the removal of building materials, automobiles, automobile parts, tree stumps, demolition materials, concrete, dirt, tires, and household hazardous wastes (such as oil-based paints and solvents, pool chemicals, pesticides, etc.). Each resident is responsible for the proper disposal of these items.

**For questions or problems, call the Township at 215-322-9700, ext. 125.**

## RECYCLABLE MATERIALS

- **Recyclable materials are collected on Fridays** (except holidays).
- Recyclable materials include newspapers and magazines, glass bottles and jars (all colors), food and beverage cans (aluminum, steel and bimetal), plastic food and beverage containers (numbered 1 - 7 on bottom of container), cardboard, pressed paperboard (cereal boxes, pizza boxes, shoe boxes, etc), junk mail, office paper, computer paper, shredded paper.
- All recyclable materials are to be placed together in the green recycling cart provided by the Township. You may use additional containers, if necessary, for recycling. If you use another container that is not identified for recycling, please place a recycling sticker (available free of charge from the Township) on the container. There is no limit on the amount of recyclable materials collected. **Please contact the Township if you do not have a recycling cart.**
- Please keep the recyclable materials and trash three feet apart at the curb or street line and do not place in front of mailboxes.

**UNACCEPTABLE RECYCLING MATERIALS:** It is very important that your recycling does not include unacceptable recycling materials. Below is a list of items that must **NOT** go into the recycling cart:

- Plastic bags or materials in plastic bags
- Batteries
- Styrofoam packaging and styrofoam peanuts

Please use this guide to help determine how and where you may dispose of the unacceptable items listed above.

## YARD WASTE

- Yard waste is collected on Mondays during the yard waste collection program, which runs from April 1 to December 15 and the third Monday in January. There is no limit on the amount of yard waste collected. If a holiday occurs on Monday, yard waste will be collected on Tuesday.
- From December 16th through March 31st, yard waste is collected with residential trash on Fridays (except holidays). There is a limit of five (5) bags/containers of yard waste per week during this time period.
- Yard waste, which includes grass clippings, leaves, plants, twigs and tree branches (no larger than 3" in diameter and no longer than 36"), may be placed in 30 gallon biodegradable paper bags or in regular trash cans. Residents may not use cardboard boxes or plastic bags, as these will not be accepted at the compost facility.

## COMMERCIAL RECYCLING

### Who Must Recycle?

Commercial, industrial and institutional establishments, such as retail stores, restaurants, offices, schools, nursing and assisted living facilities, rehabilitation centers, warehouses, hospitals and churches are required to create and operate recycling programs.

### What Must be Recycled?

The law requires the following items be recycled by Commercial, Industrial, and Institutional Entities:

- Corrugated paper
- Newsprint
- Aluminum
- Leaf waste including leaves, shrubbery, branches and similar vegetative materials.

Materials should be stored separately until picked up. Businesses are required to handle and arrange their own waste and recycling collection.
